Website Update Plans

The progress has been beyond expectations with the framework completed. Most of the content has been uploaded. Once our photos have been uploaded, we will go live. Many thanks to our development team of Mark Trewin, Diana Dunlop and David Alexander-Fleming have done a great job.

Our Missions Abroad

We currently have two projects underway; both are located in PNG. The first of them has been rebranded to 'Giving Back along the Track' and covers our annual deployment to PNG where we provide a First Aid Familiarization Course. Over 70 descendants of the Fuzzy Wuzzy Angel each received a first aid kit and certificate.

This project is in danger of falling over due to COVID-19 curtailing our income stream dramatically. Donations are always welcome, particularly when our northern neighbors desperately need our help.

The Second project is 'Operation Kokoda Assist'. This project has been set up to raise funds to donate a Patient Transport Vehicle. This vehicle will be used in the Sohe Province. We have received a quote from Ela Motors Port Moresby to supply the vehicle, all we need to do now is raise the funds.
